Re: *Response to GRAMA Request dated October 9, 2017*

Mr. Cromar;

My office received your request for records on October 9, 2017, this request asks for all public records regarding all individuals or groups who have golfed for free at the Cedar Hills owned golf course over the past three years. The City of Cedar Hills is very willing to comply with your request, and will do so within the guidelines and requirements of the Government Records Access Management Act found in Title 63G, Chapter 2 of the Utah Code (the "Act"). The records that you are requesting are not maintained in one simple format so the information requires the time of staff members to gather, sort, and compile.

Before these records can be provided to you, they must be gathered, sorted and compiled, and the Act provides that you, as the requestor, should shoulder the cost of gathering, sorting, and compiling the requested records and that where the estimated cost exceeds \$50, that you must pay the estimated cost before the city begins to process your request (See Utah Code Section 63G-2-203). The city estimates that gathering, sorting or compiling the requested records will take approximately 80 hours which will result in fees exceeding \$50. If you wish to proceed with this request please inform the city and we will provide you with an estimated cost for this process.

Any person aggrieved by a governmental entity's access determination may appeal the determination within 30 days to the chief administrative officer of the governmental entity by filing a notice of appeal. The city's current chief administrative officer is Chandler Goodwin, the City Manager/Planner. The notice of appeal shall contain the following information: the petitioner's name, mailing address, and daytime telephone number; and the relief sought, and the petitioner may file a short statement of facts, reasons, and legal authority in support of the appeal.

Regards,

Colleen A. Mulvey
City Recorder

Ken,

In regards to your October 9, 2017 GRAMA request (copy attached) asking for records of all individuals or groups who have golfed for free at the Cedar Hills owned golf course over the past three years. I have attached a copy of the report that we were able to generate from the ForeUP golf software currently being used at the golf course. This *Tee Time Details Report* contains the date, time and name for comped rounds of golf.

If you have any difficulty opening the attachments feel free to contact me.

Thank you.

Re: *October 30, 2017 GRAMA Request*

Mr. Cromar;

My office received your request for records on October 30, 2017, the request asks for all public records/communications regarding golf play; including but not limited to tee times, player names and including but not limited to free, traded, or paid play on whatever means, including but not limited to so-called PAR 9 software used from CH golf course opening through December 2014, stored within city office and/or through PAR 9 software creators offices or wherever located. Also, if these records have been destroyed please provide date of destruction, who authorized the destruction, and who performed the destruction.

The city changed the golf course reservation software system (PAR 9) in December of 2014; at that time PAR 9 removed the software which contained the golf reservation records. The city attempted to contact PAR 9 in an effort to obtain the records you are requesting and has found out that PAR 9 is no longer in business, therefore the records you are requesting are no longer available to us.

Any person aggrieved by a governmental entity's access determination may appeal the determination within 30 days to the chief administrative officer of the governmental entity by filing a notice of appeal. The city's current chief administrative officer is Chandler Goodwin, the City Manager/Planner. The notice of appeal shall contain the following information: the petitioner's name, mailing address, and daytime telephone number; and the relief sought, and the petitioner may file a short statement of facts, reasons, and legal authority in support of the appeal.

Regards,

Colleen A. Mulvey

Subject: November 13, 2017 GRAMA Request

Ken,

In regards to your November 13, 2017 GRAMA request (copy attached) asking for records of all individuals or groups who have golfed for free at the Cedar Hills owned golf course at any time during 2014. Including but not limited to data on the PAR9 golf software. If any 2014 golf reservation records have been destroyed, please declare the date it happened.

As communicated to you in my response to your October 30, 2017 request where you asked for similar information, the city changed the golf course reservation software system (PAR 9) in December of 2014; at that time PAR 9 removed the software which contained the golf reservation records. The city did not destroy those records; they were contained in the software that PAR 9 removed. The city attempted to contact PAR 9 in an effort to obtain the records you are requesting and has found out that PAR 9 is no longer in business, the records you are requesting are no longer available.

Any person aggrieved by a governmental entity's access determination may appeal the determination within 30 days to the chief administrative officer of the governmental entity by filing a notice of appeal. The city's current chief administrative officer is Chandler Goodwin, the City Manager/Planner. The notice of appeal shall contain the following information: the petitioner's name, mailing address, and daytime telephone number; and the relief sought, and the petitioner may file a short statement of facts, reasons, and legal authority in support of the appeal.

Re: *October 30, 2017 GRAMA Request*

Mr. Cromar:

This letter responds to the appeal made on November 17, 2017, to the Chief Administrative Officer of the City of Cedar Hills related to the records request dated October 30, 2017, and the determination of the City Recorder dated November 6, 2017. Additionally, this letter is in reply to your request for a written response.

The GRAMA request in question asks, for all

“...public records/communications regarding golf play, including but not limited to tee times, player names, and including but not limited to FREE, traded, or paid play, on whatever means, including but not limited to so-called “PAR 9” software used from CH golf course opening through December 2014, stored within city office and/or through PAR 9 software creators offices or wherever located. Also, if these records have been destroyed please provide date of destruction, who authorized the destruction, and who performed the destruction.”

The only record that Cedar Hills has in its possession, related to the PAR 9 software, is a spreadsheet that was provided to the City on November 11, 2017, by former City Councilmember Rob Crawley. The spreadsheet had details from PAR 9 for the year 2012. It is my understanding that Mr. Crawley obtained the information after a request to PAR 9 during his tenure as a councilmember when the City was still using PAR 9 at the Cedar Hills Golf Course. Additionally, the City has not used PAR 9 software since 2014. I am unaware if this spreadsheet has already been provided to you, so I will include it as an attachment to this response.

Finally, based on a press release from 2015, the City of Cedar Hills had reached out to PAR 9 to obtain records, only to find that PAR 9 had been sold to another company and all records were irretrievable. The city notified you of this in writing at the time of that request.

The denial of your request dated October 30, 2017, was due to the City not being in possession of the records requested. According to GRAMA law **63G-2-401**; “If the chief administrative officer fails to make a decision on an appeal of an access denial within the time specified in Subsection (5)(a), the failure is the equivalent of a decision affirming the access denial.”

You are entitled to (a) appeal this decision to the State Records Committee, as provided in Section 63G-2-403; or (b) petition for judicial review in district court, as provided in Section 63G-2-404. Either an appeal to the records committee or a petition for judicial review must be filed within 30 days of this denial. The name and address of the Executive Secretary of the records committee is as follows:

Nova Dubovik
346 S. Rio Grande
Salt Lake City, UT 84101-1106

Sincerely,

Chandler Goodwin
City Manager/Planner
Chief Administrative Officer

August 26, 2015

Ken Cromar

Re: August 12, 2015 GRAMA Request

Mr. Cromar,

My office received your request for records on August 12, 2015, the request asks for records of all free rounds of golf played at the Cedar Hills Golf Course during the week of August 11 - 17, 2014. The city no longer maintains the records you are requesting because of a change in the golf course reservation software system that occurred in December of 2014. These records are classified as *Reservation Records* and have a retention date of one year; however, all golf course reservation records before December 2014 are no longer available to us.

If you have any questions, please feel free to contact me at your earliest convenience.

Regards,

Colleen A. Mulvey

STATEMENT FROM THE CITY OF CEDAR HILLS
October 8, 2015

Where inaccurate or incorrect information is publicly advanced, the City feels it is in the interest of the community to provide an accurate and correct summary. Recently, statements made on a public website present inaccurate or incomplete information regarding city records. The City wishes to address those statements.

The claim has been made that the city has destroyed golf-related records, that cost estimates given to retrieve records are arbitrary in an effort to discourage records requests, and that city officials refuse to provide golf course financials to residents of Cedar Hills. These claims are false.

There are instances where the city provides free golf. Residents are given free golf on their birthday, on resident appreciation day, and each household receives a gift certificate for one free round of golf each year. Military veterans may receive free golf on Veterans' Day. Employees and elected officials are eligible for free golf, but can only use this benefit when there is no paying customer scheduled for a tee time. This is considered a fringe benefit and the employee or elected official is taxed on the value of the benefit, as outlined by IRS regulations.

The original GRAMA request from Mr. Cromar asked for records of all free golf provided during 2014. The system that the city utilized in 2014 to track rounds of golf, called Par 9, did not provide the city with the capability of tracking rounds of free golf with the associated "for no charge" reason code. The system only allowed for staff to indicate that no money was received. However, this did not always mean that the rounds were free. For example, golfers are able to purchase a punch pass for 10 rounds of golf. When the punch pass is used, staff will mark off the round played on the pass but in the system it is marked as "no charge" for that date. The city also marks "no charge" for golf rounds that are offered in exchange for other services for which the city would normally pay, such as advertising, course improvements, and business development.

Because the system did not allow staff to track free golf from prepaid golf, staff estimated it would take 20 hours to review all records from 2014 to determine which rounds were truly free. This was communicated to Mr. Cromar, who later reduced his request to cover one week in August 2014. Staff reached out to Par 9 to obtain those records as the city had transitioned to a new software in December of 2014. It was at this time that the city learned Par 9 had been sold to another company and all records were irretrievable. The city notified Mr. Cromar of this in writing. Mr. Cromar was later provided records for all free golf rounds for city employees and officials that were given in 2015 as this information is now tracked on paper.

City staff and officials believe in transparency and obey all laws regarding records requests. At no time has staff tried to prevent or dissuade an individual from making a GRAMA request. Estimates are given on good faith and refunds are given if the cost to provide records was less than originally anticipated. There has never been an attempt to withhold information on free rounds of golf, but the limitations of the software used in 2014 to track golf rounds does present challenges to extracting the data. The city is now tracking on paper any free rounds of golf given to employees or City Council members, but the names and payment details of all other golfers is considered proprietary and is not be released.

EXHIBIT

Lastly, all residents may view the city financials, including those related to the golf course, at any time. These are posted on the city's website and are audited by an outside agency on an annual basis. Additionally, the Golf Course Finance Committee, which was created in 2013 and consists of employees, officials, and residents from throughout the city, has provided a presentation of the golf course financials and is currently working on an additional analysis that discusses legal, financial, and social aspects of the golf course. This will be posted to the city's website when it is complete.

Those wishing to view the audited financial statements may find them online at cedarhills.org/finance-documents/financial-statements. Additional questions may be directed to the city manager.
