Mr. Packer,

After reviewing your email below, we were disappointed to read your bifurcation of the facts, regarding the theft of our three lawfully filed documents at the Utah County Recorder's office March 30, 2022, and the refusal to hold the clerks accountable to Utah Code 57-3-104 - "Certified copies entitled to record in another county" - we are "ENTITLED" to do so. The law is clear. The County Recorder and/or certain clerks should have been arrested and/or been charged criminal, as we previously requested.

Our documents were not "abandoned" as you falsely claim. This is a lie. Rather we lawfully filed "on demand" as this video shows.

<https://youtu.be/uQMuiza3ur8>

It was job of the Recorders, **not** Sheriff Deputies, to deal with the documents themselves by returning them to us by mail, or filing them, and/or filing our docs and then as per statute seek resolution of the matter in a court case against us. They did not do their job.

And now you and your Deputies failed in your jobs too by allowing yourselves to be used by the highly paid Utah County Recorder as cover for the incompetence and/or unlawful behavior in the trespass and denial of our lawful right to file as per Utah Code 57-3-104 — also in an apparent violation of USC Title 18 sec. 241 - Conspiracy to Deny Rights under law.

Your portrayal of the actions by your fellow deputies and your “decision” is not acceptable, and is hereby **Rescinded and Rejected** for reasons that include but are not limited to their being inaccurate and *colored* to create a false impression. In reality of the facts and “law enforcement”’s responsibility to **not only enforce law, but to obey the law themselves**. We reserve our rights to pursue and obtain remedy which may include personal liability for actions outside of oath and the law.

Notice to Principal is notice to Agent, Notice to Agent is Notice to Principal

You are hereby requested and required to immediately return the three Salt Lake County Recorder Office Certified (which cost us almost \$1,000 to obtain), lawfully filed docs described below, stolen by the Utah County Sheriff Deputies Sgt John O’hara, Deputies Larry Evans, Mitchel Bailey, and Jory Provostgaard via USPS Media mail and the \$120 cash to the PO Box address below, being authorized to use approximately \$20 or less for the mailing, which is to be postmarked within 72-hours.

Also, please provide a hard copy response to this email with *your wet ink signature* to confirm that indeed you are the originator of the communication below, and mail it by separate envelope sent first class USPS mail to the address below.

Please note that this email is CC’d to our three Utah County Commissioners to alert them to your to failure to serve the People of Utah County in a 100% trustworthy manner, and is also shared publicly at www.CedarHillsCitizens.org.

In Honor, Despite yours and some Utah County Sheriffs Officers' Dishonor,

Ken & Barbara

IE: Complaint of Theft and Unlawful Destruction of Property by Sgt John O'hara, Deputies Larry Evans, Mitchel Bailey, and Jory Provostgaard.

Mr. Cromar your allegations of Theft and Destruction of Property is denied. The Deputies in question followed policy by first responding to the Recorder's Office at their request. The Recorder's Office refused to take the paperwork and money. You were informed it would be considered abandoned property at the time. You chose to leave it there.

The Deputies further followed policy by taking the paperwork and the money that was left and booked it into property as abandoned property. If you so desire to pick up the property it is located at the Evidence and Property Office located at the Sheriff's Jail Complex in Spanish Fork during regular business hours. No further action taken.

Sincerely,

Lt. Eldon Packer
